NCAJA Education Foundation needs your help!

Founded with the aim of helping new immigrants adjust to a new way of life, NCAJA Education Foundation is proud to present its first event--Invisible Theatre's Project Pastime. By sponsoring these physically and mentally challenged young men and women, we hope that you are inspired to pledge your support to NCAJA Education Foundation.

A powerful and inspiring production musical called The Me Inside of Me is performed by the Invisible Theatre's Project Pastime.

*The National Chinese American Jewelry Association (NCAJA)
was founded in November 1987 as an organization aimed at
providing assistance and services to mainly first generation
naturalized Asian American jewelers in the United States.
Since 1987 we have expanded from the existing twelve founding
fathers to an association with more than 200 members. Since
2008 we have brought our association together with a
sister association from Hong Kong (HKGMA). By doing this,
we feel that we can not only assist our members in America
but also those who travel to America to do business
internationally. In 2009, we officially established
NCAJA Education Foundation, Inc., to promote
educational awareness and cultivate new generations
of jewelers. We hope to continue our spread
domestically and internationally.*
